Focus Area: Outdoor Education

During October, our school participated in Take Me Outside for Learning Week. Most students took some of their learning outside, from reading and writing to explorations in socials and science. The weather proved beautiful and we again were reminded how awesome our school playgrounds and spaces are!

Student of the Week

Congratulations to all our winners so far this year! Each week, a staff member chooses a student who represents our Sacred Teaching for the month. Students who win are featured on our Facebook, within our school, at our monthly assemblies and in the newsletter.

Our PAC also supports this program by sponsoring a $10 gift card to our partners at The Open Book.

WINTER PREPAREDNESS

Now that it's colder in the mornings it's very important that your child comes dressed for the weather. Please make sure your child has adequate winter clothing (warm jacket, snow pants, gloves, and a toque) as well as an extra set of clothing to keep at school as they will be outside in all weather conditions during learning time and during break time. Also consider reflective clothing as the time change means students will be outside in the dark in the mornings.

If you need assistance with preparing your child for winter conditions (jackets, boots, snow pants), please contact the school.
